

JASON DALE BATES

Operations Management | National Team Leadership | Mortgage & Lending

Houston, TX • (281) 682-2407 • JDBates@gmail.com • NMLS #406344

PROFESSIONAL SUMMARY

Results-driven operations leader with 15+ years of progressive experience across origination support, pipeline management, and national team leadership. Built and scaled a national Loan Originator Assistant team from 2 to 30 members—including 3 specialty teams—now supporting the originators behind ~75% of total company loan production across 110+ Loan Originators nationwide. Expertise across the full mortgage loan lifecycle, from TBD and pre-approval through disclosure, underwriting submission, and processor handoff. Known for engineering workflows that accelerate production, translating executive vision into operational execution, and owning the reporting and capacity-modeling that drive data-driven staffing and growth decisions. Combines proven leadership with modern AI tools, capacity modeling, and analytics to continuously elevate team performance and organizational output.

CORE COMPETENCIES

Operations Management · National Team Leadership · Workflow Design & Optimization · Pipeline Management · Capacity Planning & Staffing Models · Recruiting, Hiring & Onboarding · Training & Team Development · Full Mortgage Loan Lifecycle · Broker & Wholesale Pipeline · Reporting & KPI Ownership (PowerBI, HubSpot) · AI-Powered Problem Solving & Modeling · Cross-Functional Collaboration

PROFESSIONAL EXPERIENCE

Operations Manager & National Production Fulfillment Group LOA Manager

Aug 2023 – Present

Envoy Mortgage, Ltd. / PLACE | Houston, TX | Remote / National

- Built and scaled a national Loan Originator Assistant team from 2 to 30 members—including 3 specialty teams covering Broker, Renovation/Construction, and Onboarding—now supporting 110+ Loan Originators who drive ~75% of the company's total loan production.
- Designed and implemented end-to-end team workflows and operational processes from the ground up—file intake, disclosure management, UW submission, and processor handoff—balancing accuracy, compliance, and speed across TBD-to-qualification and contract-to-processing hand-off.
- Partnered with executive leadership to define preferred workflows from lead through funding, providing operational insight that shaped company-wide process standards.
- Owned the reporting strategy behind the team's PowerBI and HubSpot dashboards: defined the required datasets and KPIs (units processed, turn times), directed the technology team's build, drove weekly adoption, and used the output to make data-driven staffing, hiring, and gearing decisions.
- Built an AI-assisted capacity model for staffing forecasting and team gearing—iterating through multiple versions grounded in time-and-motion studies, industry benchmarking, and direct team validation of productivity loss (e.g., pipeline-call time vs. active loan work)—to drive defensible headcount and capacity decisions.
- Applies AI tools (Claude, ChatGPT, Microsoft Copilot) to operational research, reporting, and problem-solving; building toward AI-driven document classification and extraction automation.
- Owns the full talent lifecycle for the National LOA Team—partnering with HR on requisitions, screening and interviewing candidates, making final hiring and compensation decisions, and executing onboarding plans—and provides branch-level LOA hiring support nationally.
- Hired and developed a Team Lead responsible for day-to-day task delegation and direct training of team members.
- Manages the broker pipeline company-wide, helping Loan Officers track and accelerate deal movement through lender and internal funding timelines.
- Serves as senior daily escalation resource for team members and LOs on complex loan scenarios—resolving conditions, identifying solutions, and driving files through the loan-manufacturing process.
- Leads daily operations calls, contributes to weekly and monthly sales-force presentations, and engages in strategic planning sessions with executive leadership.

Operations & Pipeline Manager

May 2018 – Aug 2023

Envoy Mortgage, Ltd. | Houston, TX

- Managed the active loan pipeline for the Houston, Kingwood, and The Woodlands branches; led weekly pipeline meetings and maintained detailed status reporting to keep production staff aligned and on track.
- Served as primary operations resource for origination and processing teams on file restructuring, guideline research, AUS execution (DU/LP), condition clearing, rush requests, and cross-departmental escalations.
- Maintained branch-wide file quality control, reviewing pre-qualification and pre-approval files and delivering targeted coaching and training to LOs and LOAs.
- Communicated proactively with LOs, LOAs, title companies, appraisers, insurers, and clients to keep files moving and manage expectations in real time.
- Delivered monthly production projections and pipeline status updates to branch leadership; built strong cross-departmental relationships to streamline escalations and rush processing.

Branch Captain / Loan Officer Assistant

May 2016 – May 2018

Waterstone Mortgage Corporation | Houston, TX

- Supported the Branch Manager’s full pipeline—managing active deals, converting leads, and ensuring smooth movement from pre-qualification through funding.
- Collected applications and documentation, structured loan scenarios, and submitted files to underwriting for pre-approval; made direct client calls to deliver challenging news and navigate solutions.
- Maintained lead and referral-partner databases; collaborated with Realtors, builders, and title companies to build and sustain strong referral relationships.
- Served as the branch’s primary point of contact for resolving pre-qualification issues, suspended files, rush requests, and complex income scenarios requiring creative structuring.

Loan Officer Assistant / Mortgage Banker

Jul 2012 – May 2016

Envoy Mortgage, Ltd. | Houston, TX

- Assisted the Branch Manager in converting leads to closed loans; managed a personal pipeline, took mortgage applications, structured deals, priced rates, and hosted client meetings.
- Maintained consistent contact with borrowers, Realtors, builders, and title companies throughout the loan process; participated in daily and weekly pipeline and goal-tracking meetings.
- Earned and maintained NMLS Mortgage Loan Originator License (#406344) in Texas; developed independent referral relationships while supporting broader production goals.

Home Mortgage Consultant

Oct 2010 – Jul 2012

Wells Fargo Home Mortgage | Missouri City, TX

- Consistently met and exceeded production quotas; selected for multiple bank-wide pilot programs—Builder Team, Accelerated HMC, and High Performing Sales—ranking among top performers within peer group in the first year.
- Mentored new hires and tenured colleagues on systems, loan guidelines, and client management; cultivated strong internal and external referral-partner relationships.
